And of course.... over 50 exhibits which will provide the state-of-the art in Instrumentation and Process Automation technologies.

EXPO 2006 is a "must see" event for Automation Professionals, Engineers, Operations, Maintenance, Purchasing and Educators who are involved with instrumentation and process control solutions. A wide variety of products and services will be exhibited including Instrumentation, Control Systems (PLC, DCS, Hybrid, Safety & more), Analytical, Environmental, Calibration & Test Equipment, Atmospheric, Fluid Handling, Industrial Software Solutions (HMI, Asset Monitoring, Engineering, etc..), Sensors, Valves, Actuators and Drives.

EXPO 2006 is an ideal venue for meeting suppliers, manufacturers, and distributors. Bring your colleagues and associates, share your ideas, discuss problems and difficult applications, and network with your peers in the automation industry. Be sure to join us on Tuesday for the region's only local exhibition of Instrumentation, Measurement and Control technology; all in a 1-Day event. Free admission, plenty of free parking, lunch and door prize draws are all part of the plans for ISA Hamilton EXPO 2006.
